

Quality Policy

The Scope of Oricol Environmental Services activities are the provision of environmental waste and recyclable management, effluent treatment as well as industrial Services throughout South Africa.

Oricol Environmental Services is committed to providing products and services that meet or exceed our customers' expectations by adopting a policy of continual improvement in our business practices. This will be achieved by setting objectives and targets and monitoring the progress of achieving these goals.

To enhance our reputation as an industry leader, Oricol Environmental Services is committed to ensuring that suitably trained and competent personnel carry out and perform operations and activities to a standard of reliability, efficiency and service consistent with:

- The needs, expectations and requirements of each customer; and
- Oricol ES' commitment to sustainable development; and
- Oricol ES' commitment to Quality, Safety and the Environment.

Our commitment to customer satisfaction forms part of our overall strategy for business efficiency. Oricol ES will seek to achieve and maintain its certification of its quality management system to the ISO: 9001:2008 standard as a practical demonstration of this commitment.

It is the responsibility of every member of the staff of Oricol ES to ensure that they are familiar with these objectives and to follow the procedures and practices applicable to their area of responsibility.

Richard Sanders
Chief Executive Officer
